OBJECTIVE

Passionate about web development and **always looking for new challenges**, I aim to secure a Frontend Developer position in Montreal **starting July 2025**. My diverse experience has equipped me with strong technical expertise and adaptability in dynamic and innovative environments.

TECHNICAL SKILLS

- **Frontend**: HTML5, CSS3, JavaScript, ReactJS, TypeScript, Twig
- **Backend**: Python, API REST
- **Tools & Practices**: Unit testing (Jest, Playwright, Cypress), Responsive Design, SEO, Accessibility, Design System
- **Versioning & Collaboration**: GitHub, GitLab
- **Optimization**: Performance (Core Web Vitals), GDPR compliance

SOFT SKILLS

- Proactive and decisive decision-making
- Strong communication and active listening
- Autonomous, organized, and persistent
- Curious and highly adaptable

PROFESSIONAL EXPERIENCE

Frontend Developer (Freelance)   *November 2023 – present*
Prisma Media, Gennevilliers, France

Context: Frontend Developer for the Prisma Media group in an agile team of 10 people within the Performance and Monetization department.
